Docket Position: Against

I would like to register my objection to granting APS a significant rate increase for residential customers. I would really like to see how they really need the increase. Do they really need it to stay in business, or to grant increases to stock holders? If they do need a increase, please, please make it as small as possible. Many of my senior brothers/sisters, live on a fixed income. When it comes summer time we hope and pray we can pay the APS bill and still have something left over for other necessities like food and medicine. Thanks for listening and please help us.

After reading in the Arizona Republic the amount of political donations given by this company, I am incensed that they want an increase in our rates.

Consider "No" on public service rate increase.

CEO could take less.

As President Trump states to "Make America Great"... we all need to tighten our belts.
